POWDER HORN 2024

**Register
Today!**

Course Dates:
August 9 - 11
& August 23 - 25

Powder Horn gives you the contacts and tools necessary to conduct an awesome high-adventure program in your unit. **Open to youth and adults!** The "hands-on" approach makes for an exciting and action-packed course. Participants may sample adventures from Camp Davy Crockett as well as all around the region, including biking the Creeper Trail, learning about regional living history and reenactments, fishing our local waterways, learning what it takes to maintain the Appalachian Trail, and so much more. Those leaders will use those resources to plan their unit's next great adventure.

Register Now!

BOY SCOUTS OF AMERICA®

BSA SAFETY MOMENT

ZIP LINES

SUMMARY

Zip lines, canopy tours, and aerial adventure parks can be exhilarating fun for troops, teams, ships, and crews. The BSA has developed guidance for leaders in planning and participating in these activities at council camps and appropriate commercial facilities. Use of privately installed, maintained, or operated zip lines by any unit, district, or council is not authorized. Examples include self-built, backyard, temporary (uninspected), or non-BSA-owned zip lines.

GENERAL INFORMATION

The COPE Activities section of the Guide to Safe Scouting provides guidelines for using commercial facilities that offer these activities. Leaders should confirm that the commercial facility meets the Association for Challenge Course Technology (ACCT) or American Society of Testing Materials (ASTM) operating standards prior to arriving at that facility. Council COPE and climbing areas are required to adhere to the ACCT operating standards and the National Camp Accreditation Program (NCAP), which includes an annual inspection by a qualified professional.

These activities are designated for Scouts BSA troops, Sea Scout ships, and Venturing crews. Cub Scout units are usually not permitted to participate in these activities as per the BSA's Age-Appropriate Guidelines for Scouting Activities.

Pre-construction work day at Camp Davy Crockett

Saturday, April 6th
beginning at 9:00 am.

We will be preparing project areas so construction can begin on the STEM Center. Bring work gloves, lunch, and a water bottle, and plan to spend the day with your fellow Scouts and Scouters helping to move this project forward. No special skills are needed; everyone is welcome, but please register if you're attending. We are looking forward to seeing you for a fun day of work and fellowship.

RADIO MERIT BADGE DAY

MAY 4 | 8:30 AM - 3:00 PM

COUNCIL SERVICE CENTER

In cooperation with the Sequoyah Council, the Kingsport Amateur Radio Club is proud to announce an offering of the Radio Merit Badge program on May 4th. No special preparation or prior knowledge will be required; we'll cover everything in the class! Scouts should bring an open mind and a cheerful attitude and be prepared to take notes on study guides provided in class. The presentation will outline the material in the workbook, followed by a practical breakout session where scouts can make radio contacts, fulfilling option 1 of the requirements. Provided that all requirements are met, Scouts should leave the session having met all requirements for the badge!

Youth Protection

Hazardous Weather

Search: Hazardous Weather

Why is Youth Protection Training Important?

- Youth Protection training is required for all BSA registered volunteers and is a joining requirement.
- Youth Protection training must be taken every two years. If a volunteer's Youth Protection training record is not current at the time of recharter, the volunteer will not be re-registered.

Visit Sequoyahcouncil.org/calendar for more details and to register for all of these courses as well as other upcoming events and activities.

For questions regarding training, contact Jay Oberfeiting, Council Training Chair at wayne.oberfeiting@gmail.com
